 Jubilee,karachi

I am seeking a web developer position where I can apply my expertise in both frontend and backend development using modern technologies such as Laravel, Angular, HTML, CSS, SQL, Flutter, Dart, React, and JavaScript. With a passion for creating responsive, user-centric websites, I excel at leveraging my strong communication skills and cross-cultural collaboration experience to work effectively with international clients. I am committed to delivering tailored, impactful solutions while contributing creatively and efficiently to your team to drive innovation and excellence in web development.

Portfolio

Explore my complete professional portfolio to get a detailed overview of my skills, experiences, and projects. My portfolio not only showcases my proficiency in web development technologies like Laravel, Angular, Flutter, React, and more, but also highlights my practical expertise through a range of completed projects.
