### Education

- Software engineering in process
- (Aptech) (2024/2027)
- Graduation (Karachi University)
- (2022/2025)

### Profile

**Motivated and aspiring Front-End Developer** with a strong foundation in HTML, CSS, JavaScript, and UI/UX design. Proven ability to collaborate within teams, deliver creative solutions, and maintain reusable, efficient code. Passionate about creating user-friendly and interactive websites, with a focus on usability and visual design. Eager to solve complex problems and continuously enhance skills in web development. Previously worked as a **Customer Support Associate** where I managed customer inquiries and provided timely, professional solutions, demonstrating strong communication and problem-solving skills.

### Skills

- **Web Development:** Proficient in HTML, CSS, and JavaScript for developing responsive and dynamic websites.
- **Frameworks/Libraries:** Hands-on experience with jQuery and Bootstrap for streamlined front-end design.
- **UI/UX Design:** Skilled in Figma for creating wireframes, prototypes, and visually appealing interfaces.
- **Color Theory:** Ability to create harmonious and impactful color schemes for better user experiences.
- **Microsoft Office Suite:** Advanced skills in Word, Excel, & PP for documentation and presentations.
- **Soft Skills:** Strong adaptability, quick learning, and excellent teamwork.
