SUMMARY

I'm a front-end developer with a strong foundation in HTML and CSS, and a knack for creating responsive designs using frameworks like Bootstrap and Tailwind. I also love adding animations to websites using GSAP, and I'm excited to start learning Locomotion soon. My design style leans towards classic, timeless aesthetics, and I always aim to create user-friendly interfaces that make an impact. I'm passionate about continuous learning and staying up-to-date with the latest trends.
