PROFILE

Motivated front-end web development enthusiast with a strong foundation in HTML, CSS, JS and WordPress. Experienced in creating responsive and visually engaging websites, with a growing understanding of JavaScript and Back-End development. Eager to enhance skills, contribute to dynamic projects, and gain practical experience in the field of web development.

EDUCATION

Albadar Secondary School

Matriculation in Science - 2024

- I am a recent graduate of Albadar Secondary School, where I excelled academically and actively participated in a variety of extracurricular activities. These experiences have helped me develop strong skills in teamwork, effective communication, and time management. I am enthusiastic about applying my knowledge and making meaningful contributions to a dynamic organization.

APTECH

Advanced Diploma in Software Engineering

- Currently enrolled in a comprehensive 6-semester program focused on software development, web technologies, and programming. With second semesters OnGoing, I am actively advancing my technical expertise and practical skills in areas like web development, software engineering etc.

WORK EXPERIENCE

SNJ Global Service - 2024

Customer Support Representative

- Worked for two months on the Durable Medical Equipment (DME) campaign, focusing on enhancing English communication and speaking skills. This role involved engaging with clients, addressing inquiries, and developing confidence in professional verbal communication within the context of the medical equipment industry.
